Front Matter

Preface

Table of Contents

Section 1. Introduction

1. An Engineer Looks at Chemical

2. An Architectural Specifier Look

Section 2. Structural Materials Supp

3. Metallic Shells

4. Concrete

5. Timber as a Structural Material
Masonry

6. Some Notes on Plastics as the S

Section 3. Membranes

7. Sheet Linings

- [ ] 8. Fluid-Applied Membranes
- [ ] 9. Rigid Nonmetallic Membranes
- [ ] 10. Hot Asphalt
- [ ] 11. Fired Glass and Porcelain as M
- [ ] 12. Lead as Membrane
- [ ] 13. Glass Fabric Reinforced Furar
- [ ] 14. Epoxy/Phenolics

Section 4. Masonry Units

15. Acid Brick and Silica Brick

16. Carbon Brick

17. Closed Cell Foamed Borosilic

18. Refractory and Insulating Fireb

19. Specialties

20. Ceramic Tile

Section 5. Mortars and Grouts (for T

21. Silicate Mortars and Grouts (fo

22. Silica Mortars

23. Sulfur Mortars

24. Phenolic Resins

25. Furan Resins

26. Epoxy Resin Chemically Resis

27. Polyester and Vinyl Ester Resi

28. Acrylic Polymer Mortars and C

29. Hydraulics

Section 6. Castables, Machine Grout

30. Silicate Castables, Grouts, and

31. Polymer Portland Cement Conc

32. Polymer-Impregnated Concrete

33. Polymer Concretes

Section 7. Monolithics

34. Trowelled Epoxy, Polyester, V

35. Spray Applied Epoxy Surfacin

36. A Note on Other Monolithics:

37. Gunned Linings

Section 8. Expansion Joint Compone

38. Expansion Joint Components

39. Ceramic Fibers

40. Organic Fibers

41. Carbon Fibers

42. Use of Fluorocarbons in Expa

43. Prefabricated Expansion Joint

Section 9. Rigid Thermoplastic Fabr

44. Rigid Thermoplastic Fabricati

Section 10. Designing Chemically-R

45. Designing with Chemically-Re

Section 11. Uses of Nonmetallic Che
Waste Handling

46. Uses of Nonmetallic Chemical
Handling

Section 12. Prestressed Brickwork

47. Prestressed Brickwork

Section 13. Special Subjects

48. Chimneys

49. Coatings for Nuclear Power G

50. Sulfur Spray Coatings

51. Pulp and Paper Industry Use of Construction

Section 14. Inspection and Failure A
